

Adam Tas Corridor Energy

A Lebanese company capable of producing 100g

Overview

SOLINO is a Lebanese - Based company that manufactures pellets for the Lebanese, Arab and International Market's ready consumption, while simultaneously exporting raw pellets on demand to various factories worldwide. Most of the economy is dollarized, and the country has no restrictions on the movement of capital across its borders. It has grown to become one of the largest flexible packaging manufacturers in the Middle East region. Founded in 1964, Industrial Plastics Company (IPCO) has been a major player in the Lebanese plastics industry since opening its doors, offering timeless designs that remain functional and safe for use in a variety of applications.
