

**Adam Tas Corridor Energy**

# **Canadian electrical distribution box processing**

## Overview

---

Every distribution box undergoes stringent checks: Verify part accuracy, component fit/seating, correct assembly sequence, door latch/hinge function. Since 1979, we've partnered with the Canadian electrical industry to supply their electrical enclosure, kiosk, cable tray and custom fabricated metal products across the country. Our team consists of sales, technical, design and fabrication members, all of whom work with a 'customer first' mindset. ABB offers a total ev charging solution from compact, high quality AC wall boxes, reliable DC fast charging stations with robust connectivity, to innovative on-demand electric bus charging systems, we deploy infrastructure that meet the needs of the next generation of smarter mobility. As a proud member of the Niedax Group since 2022, we are your reliable partner for high-quality cable management systems. Customers today not only care about the performance of the electrical panel but also the manufacturing process that ensures quality, safety, and durability.
