

Adam Tas Corridor Energy

Construction site temporary power distribution box level 3

Overview

Click to explore top-rated, customizable options with IP65 waterproofing and RCD protection. From powering heavy-duty tower cranes to supporting delicate surveying instruments, the reliability of your Power Distribution Cabinets (PDCs) directly dictates project uptime and, more importantly, human safety. Installation distribution boxes as a mobile solution for exhibition stand construction as well as light and event technology. Engineered utilizing the latest in GFCI technology, Southwire's iconic yellow temporary power boxes have been providing contractors, electricians, and engineers with the highest level of electrical safety for over 35 years. Blakley Electrics manufacture the widest range of Low Voltage (230V and 400V) and Reduced Low Voltage (110V) distribution equipment for temporary installations.

Construction site temporary power distribution box level 3
