

**Adam Tas Corridor Energy**

# **Customized Distribution Box Process**

## Overview

---

Before production begins, our engineers create precise CAD drawings and 3D models of the distribution box. Output: Design documents including material thickness, dimensions, IP/NEMA protection. This article walks you through the complete distribution box manufacturing process, covering each step. Submit your requirements or design draft to us, and we'll provide a free design and deliver a high-quality prototype in just 15 days - ensuring your project stays on schedule with speed and precision.
