Details of the Thailand Bridge Project

Overview

The project aims to connect deep-sea ports in Ranong and Chumphon via supporting infrastructure under a public-private partnership (PPP) net-cost model with a fifty-year concession. Prime Minister Anutin Charnvirakul has confirmed that the government will advance the Land Bridge mega-project, now valued at about 997. A vessel (bottom) sailing past ships anchored along the coast of Singapore at the mouth of the Strait of Malacca. The Strait of Malacca, a narrow strip of sea between Indonesian Sumatra island and the Malay Peninsula is one of the most important shipping lanes in the world linking providing links.
