Distribution Box Label Styles

Overview

It spans parcel labels (UPS, FedEx, DHL, USPS), LTL/BOL references, pallet labels like SSCC for GS1 logistics units, and customer-specific labels for retailers and marketplaces. Each has different rules for zones, data elements, and barcode encodings. Distribution shipping labels look simple from a distance - just stickers with text and some black bars. Effective packaging techniques are crucial if your organization ships products to other companies or consumers. Need ideas?

We've collected some amazing examples of box labels from our global community of designers. We match label size and placement to real corrugate specs—from 32 ECT standards like 8" x 6" x 4" to heavier 200# Mullen cartons—so your barcode scans fast and.
