Do I need to return the fiber optic cable when returning the router

Overview

Returning Equipment: If required, you may be asked to return your broadband equipment, such as your router and cables, to the provider. A prepaid returns package will be provided to make this process as simple as possible. Quick question, I just cancelled my service and I was asked to return my router, and apparently I have to pay a \$50 dollar re-stocking fee or a \$150 dollar fee for not returning the equipment after 30 days. To connect your fiber optic cable to a router, ensure you have the following: Fiber optic modem (ONT): Most fiber connections require an Optical Network Terminal (ONT), provided by your ISP. Compatible router: Verify that your router supports fiber optic input (look for an SFP or WAN port labeled).
