# **Equatorial Guinea has electrical distribution boxes and cabinets**

## Overview

---

Equatorial Guinea has two main electricity systems, for Bioko Island, and for the continental Rio Muni region. OverviewSEGESA (stands for Sociedad de Electricidad de Guinea Ecuatorial) is the national company of Equatorial. Over the last decade, SEGESA and the government have implemented a range of generation, transmission and distribution projects to ensure that the country no longer suffers power outages. The Bioko grid is powered by the Malabo Turbogas at Punta Europa (near Malabo) with 154. The following power projects are scheduled: Construction of the Sendje 200 MW hydro plant (4 x 50 MW) - 2017, Constructio.

## Equatorial Guinea has electrical distribution boxes and cabinets

---
