Ethiopia Bridge Construction

Powered by Adam Tas Corridor Energy

Overview

Ethiopia marked a historic moment as it officially opened the doors of the largest bridge spanning the mighty Abay (Nile) River. The completion of the Nile Bridge, a monumental undertaking that commenced six years ago, signifies a significant milestone in the country's. We specialize in road construction, building construction, and water works projects. The bridge is located in the beautiful city of Bahir Dar, in north-east Ethiopia, over the famous Blue Nile (Abay) River at the very mouth of the biggest lake in the country (Lake Tana).
