Fac distribution box

Overview

The FAC 900 provides up to 576 internal fiber distribution ports for subscriber PON deployments along with splitter capacity. It complies with a 36" height requirement that allows a minimum intrusive effect in urban, suburban and residential areas. Our flexible distribution boxes enable reliable, decentralized signal transmission and power transmission up to protection class IP67 – wherever passive distribution boxes are required. Mouser offers inventory, pricing, & datasheets for Distribution Box Enclosures & Racks. Confide in our innovative chemical and slurry mixing system: Automated, effective and precise – Maximize your production output.
