Fiber Optic Cable Line Technician

Overview

A breakdown of the Fiber Technician position reveals the key duties, necessary skills, common requirements, and expected salary for this technical career. Fibre optic technicians maintain digital and fibre optic systems and install broadband internet and phone networks. While there are several certifications that could meet this need, the most sought after is a Fiber Optic Association Certified Fiber Optic Technician (FOA CFOT). Select your course and available date with a member of the Fibreplus Training team Complete the Course Registration Form Online Once your deposit is paid, you will receive a registration letter and we will see you on your course.
