## Overview

---

Fibre optic harnesses are factory assembled multifibre divider cables, which separate the fibres within multifibre connectors at one side (e. Easily upgrade your data centers with our PanMPO™ female to LC duplex cable harness. With over 40 years of experience in weaving, sleeving and shrink tubing, our engineers organize loose fiber-optic cords into custom cable harnesses that meet rugged environmental demands for flexure, abrasion and strain relief. We, LEMO, assemble all standard connectors, all fibre types and the requested fibre optic cable lengths in our fully equipped and modern assembly division with high precision. Radiall is a global leader in manufacturing high performance end-to-end optical solutions.
