Fireproof putty for electrical distribution boxes in engineering projects

Overview

Finding the right putty for electrical boxes means balancing fire safety, soundproofing, and ease of installation. ROCKWOOL® FirePro Intumescent Putty Pads are manufactured from a non-setting, flexible silicone-based intumescent polymer. Such penetrations occur most frequently due to the installation of recessed electrical boxes.

Fireproof putty for electrical distribution boxes in engineering projects

Putty Pads Fire Stopping , Fire Protection for Electrical Boxes

Putty pads fire stopping help protect electrical boxes from fire and smoke penetration. Improve fire resistance in walls with LPP putty pads.

Amazon : Putty Pads For Electrical Boxes

Discover moldable putty pads designed for electrical boxes, outlets, and wall openings. Fire-rated firestop solutions for residential and commercial use.
