H3C Core Switch Models

H3C Core Switch Models

H3C S12508X-AF Series Cloud Data Center Core Switches

H3C's S12500X-AF series of Cloud Data Center Core Switches are designed to enable cloud data center services. They have the following features and capabilities: Multi-level and multi-plane Kloss

H3C 7503E-M Series Enterprise Core Switches

These all-new series switches are ideal for enterprise network modernization and provide maximum return on investment and reduced total cost of ownership. The

Switches

The series includes multiple models (e.g., S12500R, S12500X-AF, S12500G-AF) tailored to various network scales, providing robust solutions for data center construction, WAN convergence, and

H3C S5800 Core Switch: Hidden Muscle? Can a Core Switch Truly

The H3C S5800 core switch, however, offers a powerful arsenal for downtime resistance. Its

redundant hardware architecture (dual supervisors, power, fans) provides fault tolerance at the component

H3C Switches Price , Switches

H3C switches are categorized to provide optimal solutions for enterprise, data center, and campus networks. Whether you require robust security, advanced management features, or seamless

H3C S10500X-G Series Next Generation Core Switch-H3C

H3C S10500X-G is a high-end Switch series designed for the core layer in intelligent Campuses and Data Centers. Powered by the H3C COMWARE 7 network operating system, the S10500X-G offers

Switches-H3C

H3C S12500CR Switch Series is a new generation of rack switches designed for data center core networks. It optimizes the CLOS switching fabric architecture and uses the variable cell-based traffic

H3C S12500G-AF Data Center Intelligent Core Switch-H3C

H3C S12500G-AF is H3C's new generation of AI intelligent switches for the core scenarios of data centers, providing the industry's highest switching. It provides the following features: CLOS+ multi

H3C S7503X Series Enterprise Core Switches

H3C's S7500X series switches are designed for use at the core of next-generation enterprise networks. They feature a modular design, run the proprietary H3C Comware V7 operating system and offer the

Switches-H3C

H3C S12500 Series Data Center Switches Services integration and intelligent access H3C has been deeply engaged in the campus network for many years with

MPO-MPO Low Smoke Halogen Free Sheath
Multimode 10 Gigabit 24 pole OM3
Insertion loss <0.35dB Return loss >50dB

All H3C Switches , Enterprise, Campus ; SMB Series

Explore all H3C switches including S9850, S6520X, S5560X, S5130S, S1600V2, and more. High-performance, secure, scalable enterprise networking.

H3C Switches: Features, Benefits, and Configuration Guide

Learn about H3C switches with our comprehensive guide. Understand their features, benefits, and how to configure them for efficient and reliable network performance.

H3C S5850 Series Data Center Ethernet Switch-H3C

H3C S5850 series switches are data center-level high-density Ethernet switch products independently developed by H3C. The S5850 series switches are specially designed for data centers, supporting

H3C S10500X Series

Overview H3C S10500X series switch is designed for the core layer of data centers and next-generation campus networks as well as the distribution layer of MANs. It provides the following features:

h3c

The H3C S12500 DataCenter Cloud Core Switch Series is designed for cloud services data centers. It provides the following features: The S12500 switch series includes S12504X-AF, 12508X-AF and

h3c

Overview The H3C S12500 DataCenter Cloud Core Switch Series is designed for cloud services data centers. It provides the following features:

H3C Products Catalogue (H3C Server, Switch) , PDF

The document is a 2023 product catalogue for H3C products. It provides an overview of H3C's digital solutions including smart connectivity, cloud computing, intelligent

H3C S5120V3-LI Series (2026): Models Comparison

Compare all 13 types of H3C S5120V3 models for 2026: ports, SFP/SFP+ uplinks, PoE budgets, switching/forwarding, stacking, and a deep

H3C Switches Price , Switches

Whether you require robust security, advanced management features, or seamless scalability, H3C switches, including models such as the H3C 6520, H3C S5130S and H3C S5560 series deliver

H3C Products Catalogue

H3C S12500X-AF is a new generation chassis switch product developed by H3C for high-density 40G/100G/400G data center core network applications. It inherits and develops the CLOS+

Product Iteration Summary of Data Center Switches-H3C

H3C LinSeer MegaCube: AI Workstation on Your Desk An ultra-compact, palm-sized AI productivity tool designed to handle inference for 200B parameter models and complex AI

H3C S7503X Core Switch 3 Slots 960Gbps Price

The H3C S7503X, part of the H3C S7500X switch series, is designed for next-generation enterprise core networks. This advanced switch supports high-density,

H3C S7500X Series Enterprise Core Switch

Overview The H3C S7500X switch series is designed for the next-generation enterprise core networks. It uses H3C's proprietary operating system Comware V7 and provides the following features:

Switches-H3C

H3C industrial switches can operate in -40°C - 75°C environments for a long time, and use industrial components to reach IP40 rating. At the same time, with shockproof, anti-electromagnetic

Length:52.0mm
Small-end inner diameter:3.0mm
Large-end inner diameter:4.8mm
Outer diameter:6.5mm

H3C

With a range spanning ten series and hundreds of switches, H3C's options can cover your networking needs - from the data center core to campus access and remote

H3C S7503X Core Switch 3 Slots 960Gbps Price

H3C S7503X enterprise core switch delivers 960Gbps switching and 3-slot modular scalability for H3C S7500X architectures. Request quote now.

H3C S10500X Series Multiservice Core Switch-H3C

The S10500X series switch includes the S10506X, S10508X and S10510X models, with port density and performance to fit different deployment scales. It is your best choice to build a robust core network.
