# **How many years is the warranty for distribution boxes and fiber optic boxes**

## Overview

---

Warranty will apply for a period of twenty-five (25) years commencing on the date of the completed installation by a certified active member of TiniFiber® Certified Installer (TCI) Program. 5-year fibre optic warranty, manufacturer splice box warranty, optical fibre warranty - these extended warranty terms fundamentally alter the cost-benefit calculation for network operators. This ensures that any defects or issues with the product are addressed by the manufacturer under warranty provisions. Product Assurance 15 Year Component Limited Warranty certifies that all OCC passive Category 5, 5e, 6, 6A and fiber connecting hardware conform to the applicable TIA/EIA-568-C specifications and all passive products will be free from defects in material and workmanship.

## How many years is the warranty for distribution boxes and fiber opt

---

### Basics of Fiber Optic Distribution Box

Fiber optic distribution box (FDB) is an important component to provide connection, distribution and management of fiber cables.

### All You Need To Know About Fiber Termination Boxes:

Source In this blog, we will discuss the two types of fiber optic cables and the role of a simple yet essential piece of equipment in the fiber laying
