Installation price of lighting cabinet and distribution box

Overview

Regional snapshots summarize typical per-box labor costs by region, using ranges to reflect local labor markets. The calculator will instantly give you a rough cost range based on national and regional pricing averages. Need a custom quote?

Reach out to us today for a quote tailored to your specific project. Understanding distribution box cost involves examining the comprehensive investment required for electrical distribution systems that serve as crucial infrastructure components in residential, commercial, and industrial settings. In May 2026 the estimated national average cost to Install Under Cabinet Lighting starts at \$531 - \$673 per fixture. LED strips generally range from \$20 to \$50 per meter, while puck lights can cost \$15 to \$30 each. Surface mounting is typically less expensive than recessed or custom installations. Cost factors include location, cabinet size, number of fixtures, fixture quality, and labor.
