Home

Leading provider of high-density cooling for AI and HPC workloads. Up to 1MW+ cooling per cabinet.

Why Integrated Power Cabinets Boost Network Reliability

Integrated power communication cabinets enhance network reliability with compact design, smart power management, and eco-friendly features,

Microsoft to spend EUR4bn on French data centers

Microsoft is planning to spend EUR4 billion (\$4.31bn) on data center infrastructure in France

and will buy renewable energy via power purchase

Vertiv introduces fully populated, high power density

Meeting the urgent need for solutions supporting high-density computing in increasingly crowded data centre facilities, Vertiv (NYSE: VRT), a

Your Open Standards Solution Partner , Elma Electronic

Elma Electronic is a leader in Embedded Computing Solutions including integrated systems, boards, modular enclosures, cabinets, and rotary switches. Visit Now

Power Distribution Unit

For power distribution requirements of medium to large data centers, Delta's Power Distribution Unit (PDU) is an optimal solution. The space-saving PDU is easy to

PDUs , Power Distribution Unit for Server Racks

Overview At Data Room Direct, we supply high-quality Power Distribution Units (PDUs) designed for network cabinets, server racks, and data centres. Whether

Data Center Rack Power Distribution Explained: CEE

Learn how power flows inside modern data center racks--from facility power to rack PDUs. Discover how E-abel server cabinets and CEE connectors

Racks & Cabinets , Legrand Data Center Solutions

Legrand offers a configure-to-order cabinet platform that offers best-in-class energy efficiency with ready-to-ship parts for shorter lead times and faster deployment.

Data Center Solutions and Networks , Schneider Electric

Our reliable, efficient, high-performing data center network and solutions: infrastructure, optimization, and critical services. Delivering excellence in data

Building Data Centers in France: Navigating Regulatory

France is at a crossroads. The convergence of booming demand, complex regulation and new legal frameworks creates risks -- but also unprecedented

dash(TM) Desktop Power Centers

The dash(TM) Desktop Power Center provides users easy access to USB and traditional power at the worksurface while its modern design compliments any space. Built around a common set of cube

SmartCabinet (TM) Premi

No other solution offers the industry's leading power, precision cooling and data center infrastructure management systems for such a wide array of applications and environments.

Evaluating Data Center Cabinet Power Density (Part 2)

High-density data centers emphasize the benefit of consolidating computing power into a small space, lowering the cost to rent or buy additional space.

Cabinet power distribution unit

The TruFit PDU is equipped with a high efficiency transformer and integrated comprehensive monitoring system to better monitor the true health of your power

Rakworx

Rakworx is a manufacturer of data center infrastructure. Integrated server cabinets, Power Distribution Units, All-In-One Cabinets and Modular Data Centers.

LIEBERT® FPC POWER DISTRIBUTION CABINE

OVERVIEW The Liebert FPC power center can be used in conjunction with several Liebert FDC distribution units to create a total power distribution system for high density racks.

EMEA Tripp Lite Series

Heavy-duty racks house, organize, and secure heavy AI servers, along with other critical devices used for generative AI applications in enterprise, colocation, and hyperscale data centers.

Vertiv introduces fully populated, high power density

Meeting the urgent need for solutions supporting high-density computing in increasingly crowded data center facilities, Vertiv (NYSE: VRT), a

Rack PC

Integrated USB interfaces on the rear and front panels make connecting I/O devices from the PC world (e.g. external hard disks for mobile data backup, keyboard and/or mouse for operation)

Server, Network, & Data Center Racks, Cabinets,

Browse server, network, & data center racks, cabinets, shelves, & cable managers from a premier manufacturer of high-quality, scalable IT solutions.

Distribution cabinet

The Protect Integrated power distribution cabinet integrates the power supply and distribution system of the server room (ATS/MCCB, air conditioning distribution, lighting distribution, UPS power supply,

Delta InfraSuite Power System for Large Enterprises and Data

Delta InfraSuite Power System provides completely integrated power distribution for optimal power management of large enterprises and data centers.

Power Cabinets

Featuring top access ports and an open bottom, the cabinet facilitates easy cable routing, while vented doors promote generous front-to-rear airflow, optimizing

Cabinet Modular Data Center

The cabinet modular data center provides an integrated solution for power distribution, cooling management, fire safety, and structured cabling. It is designed to offer safety, reliability, and

Vertiv Liebert FDC Power Distribution Cabinet

Integrate power distribution into the rack environment, with the rack-sized Liebert FDC. The stand-alone cabinet blends physically and cosmetically with rack equipment, while offering the distribution

Rack PC

Thanks to the use of the latest generation of Intel Pentium Dual Core to Xeon, SIMATIC Rack PCs are flexibly scalable for your application. SIMATIC racks can be ordered in custom

Addressing Rising Power Densities in the Data Center Starts with an

As power densities in data centers continue to rise, traditional cabinet designs face increasing challenges in supporting high-performance IT equipment. This white paper provides a

How to Choose Power Distribution Cabinets for Data

Power Distribution Cabinets in Data Centers: key specifications, compliance tips, and risks buyers must check. Learn more.
