Laos Outdoor Cabinet Solution

Overview

50kW/100kWh outdoor cabinet ESS solution (KAC50DP-BC100DE) is designed for small to medium size of C&I energy storage and microgrid applications. Its modular architecture allows flexible deployment for a range of applications, from commercial to industrial. A major outdoor LED display screen from China was recently installed and successfully powered on in Laos, marking a significant step in the country's push toward smart infrastructure and digital media. Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.
