# **Latvia Main Optical Cable**

## Overview

---

In Līvāni, two high-tech companies – Lightguide and Ceram Optec – produce their products with great success and recognition in the global market. Designed to work optimally in transport networks, Viper Core is the newest addition to the Viper family from Hexatronic. Company Optilix OU was founded in 2018 as a distributor of modern high-quality materials and equipment for optical fiber cable production. The main regions of the company's activity: Estonia, Lithuania, Latvia, Russia, Eastern Europe countries and CIS countries. Although Europe's fibre-optic cable manufacturing industry is fairly small on a global scale, it's becoming increasingly important for the continent's digital transformation. Despite a negative compound annual growth rate (CAGR) from 2020 to 2024, the market showed a remarkable.
