Maldives Data Center Integrated Cabling System

Overview

Google has announced Dhivaru, a new Trans-Indian Ocean subsea cable system that will link the Maldives, Christmas Island and Oman — a major investment aimed at expanding the reach, reliability and resilience of digital connectivity across the region. "Dhivaru" is the line that controls the main sail on traditional Maldivian sailing vessels. Dubbed the Domestic Submarine Cable of Maldives (DSCoM), the telecommunications cable has five segments and will connect eight islands in the Maldives including Hulhumale'. Market Forecast By Component (Hardware, Copper cables, Fiber cables, Software, Professional Services, Installation and Integration, Maintenance and Support, Auditing and Consulting), By Cable Type (Category 5E, Category 6, Category 6A, Category 7, Others), By End User (IT and Telecommunication).
