Modular energy storage cabinet 200kWh for use in IDC Internet Data Center server rooms

Overview

This BESS system combines a 100kW power conversion cabinet with a 200kWh high—voltage rack battery, delivering fast response, grid support, and backup power—all in a compact footprint. Highjoule's industrial and commercial energy storage system adopts an integrated design concept, with integrated batteries, battery management system BMS, energy management system EMS, modular converter PCS and fire protection system in one. Our 100kW/200kWh Commercial & Industrial Energy Storage Cabinet is now available from European stock, enabling fast delivery and rapid deployment for factories, commercial buildings, data centers, EV charging stations, and microgrid applications.
