# **Network Rack Cable Management Card**

## Overview

---

It is an all-in-one cable management solution consisting of 24 retractable Cat. Our innovative system enables 10x faster installation & maintenance and thanks to our Patchcatch it also allows up to 50% more space. Need help?

Cable Labels & Printers for Effective Cable Identification Clear cable identification is essential in network cable management, and using proper cable management tools like cable labels can make this process more efficient. Cable management systems come in several types: raceways contain cables in rigid channels, horizontal managers segment connections at specific rack heights, vertical panels organize cables along the rack's length, and D-rings secure cables with minimal obstruction.
