New orders for optical fiber and cable from Xiangtong Optoelectronics

New orders for optical fiber and cable from Xiangtong Optoelectronics

Feast for Optical Module Enterprises: 3.2T Optical Engine Layout

Investors vied to get a close look at physical products like 800G optical modules, OCS (Optical Circuit Switching), FAU (Fiber Array Unit), and DSP (Digital Signal Processor) chips; some

Optic Fiber Cables

Our products are widely used in telecommunication industry, power transmission industry, mining cable industry, marine and submarine cable industry, railway industry, cable manufacturing and so on. ZTT

650% Surge, Global Orders Booming: What Makes This Fiber Optic

The fiber optic industry is undergoing an unprecedented supply-demand restructuring. On April 20, A-shares related to fiber optics surged again -- Tongding Interconnect closed at a limit up, while

Hengtong, Zhongtian and other three manufacturers are shortlisted

On January 16, China Telecom Xi'an Branch

announced the candidates for the 2024-2026 non-metallic core flame-retardant optical cable procurement project. Three manufacturers, Huaneng (Taian)

ZTT Secures Top Position in China Mobile's 2025-2026 Optical Cable

On June 7, China Mobile, China's largest telecom operator and the world's biggest purchaser of optical fiber, officially announced the shortlisted candidates for its centralized procurement of outdoor optical

HENGTONG GROUP CO.,LTD.

As the largest optical fibre and power cable manufacturer in China, and ranking among the top 3 optical fibre communication enterprises in the world, Hengtong

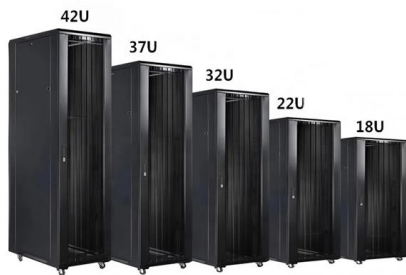

China's Optical Fibers Secure a Large Number of Orders

China's optical fibers have received a large number of orders. If you don't buy today, the price will go up tomorrow. In 2024, there was a global shortage of chips; in 2025, transformers were

Optical fiber cable

ZTT ADSS (All Dielectric Self-Supporting) and ribbon optical cable in communication has been listed in the National Torch Plan and been regarded as national new

China Mobile's 9.2 billion yuan fiber optic cable order

On the one hand, the price of raw materials has risen, and on the other hand, the price of optical fiber and cable has bottomed out. Optical fiber and cable companies are under pressure on both sides.

Telecom Industry Weekly Report: Optical Fiber Assemblies Solutions

New connection technologies are expected to reach an inflection point in 2026, opening more structural opportunities.
