

Adam Tas Corridor Energy

Norwegian manufacturer of small spectrometers

Overview

HySpex is a leading global brand in hyperspectral imaging, known for stable, flexible sensors with exceptional data quality. The technology stems from Norsk Elektro Optikk (NEO), Norway's largest independent electro-optics R&D company. Tip: Select a quick entry below to view selected spectrometers companies by company type or industry. Sustainable All-in-One Solution: Safely store hazardous substances in just one cabinet. The Micro and Nanotechnology Laboratory at the University of Oslo (UiO MiNaLab) is equipped with a Shimadzu SolidSpec-3700 DUV with an integrating sphere. The spectrophotometer is suitable for transmission, reflection, and scattering measurements of thin films. We have more than 50 years of experience providing laboratory and scientific equipment to leading industrial and academic research facilities in Norway. Registered Office: Science and Innovation Centre, Unit 12, Halo Business Park, Cray Ave, Orpington BR5 3FQ. The equipment used by CSI Nordic is state of the art and we have an almost complete spectrum for chemical analysis, mechanic testing and microstructure analysis av all materials.

Norwegian manufacturer of small spectrometers

NMR Instruments , Nuclear Magnetic Resonance

Nuclear magnetic resonance spectroscopy (NMR) is an analytical technique that allows for non-invasive and non-destructive plus quantitative analytical

Spectrometers - Buying Guide & Supplier List , RP

Spectrometers - Buying Guide & Suppliers Use this spectrometers buying guide to compare major types, define selection criteria, and find suppliers: ? Technical

Microspectrometers: Spectroscopy Solutions for Modern Applications

Microspectrometers, also called compact spectrometers or miniature spectrometers and their applications is the subject of this blog article. This article is brought to you by Ocean Optics - a

Elemental Analysis

As a leader in the field of metal analysis, SPECTRO'S handheld XRF and portable spectrometers lead the field as elemental and

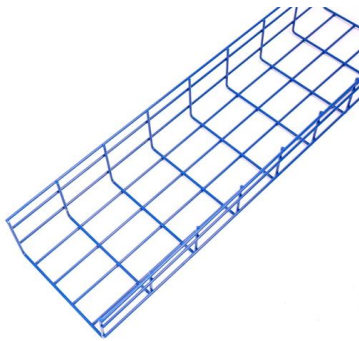

environmental analyzers for

Tiny spectrometers

Optical spectrometers are essential equipment used in industry and research laboratories to characterize and identify material samples by analysing the material's wavelength

About Us , HySpex

HySpex is a leading global brand in hyperspectral imaging, known for stable, flexible sensors with exceptional data quality. The technology stems from Norsk Elektro

Lab Analysis / Lab Measurement Technology Companies from

AnaTec AS Manufacturer, Laboratory analysis / Laboratory measurement technology, Porsgrunn, Norway AnaTec has a broad range of measurement solutions to analyse the particle characteristics

Ultra-small spectrometer yields the power of a 1,000

Researchers are designing new ways to make spectrometers that are ultra-small but still very powerful, to be used for anything from detecting disease to observing stars in distant galaxies.

Microspectrometer , Microspectrometers , Hamamatsu

Hamamatsu's product range for optical analytics comprises not only small components like highly sensitive photomultipliers and photodiodes. Our mini

Spectrophotometer

The Micro and Nanotechnology Laboratory at the University of Oslo (UiO MiNaLab) is equipped with a Shimadzu SolidSpec-3700 DUV with an integrating sphere. The spectrophotometer is suitable for

Spectroscopy Suppliers , Spectroscopy Europe/World

Magritek is the global leader in manufacturing cryogen-free benchtop NMR spectrometers for the analytical instrument market. Magritek's revolutionary 80 MHz, 60 MHz and 43 MHz

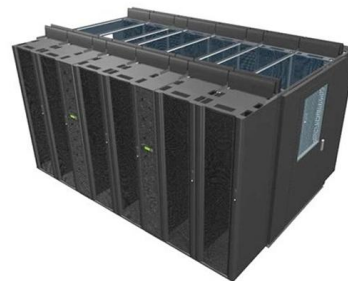

Spinsolve

Miniature Spectrometers: Spectrometers, Products

Spectrometers: Miniature Spectrometers Lighting, LED, display development, lighting inspection in plant factories, outdoor measurement support. Irradiance, Illuminance, PAR photosynthetically

OEM spectrometers designed for Raman spectroscopy

With spectrometer designed for volume manufacturing, with minimal unit-to-unit variation and high environmental stability, Raman spectrometers from Ibsen are

Compact Spectrometer Products, Pembroke Instruments

Compact UV-VIS-NIR Spectrometers for Scientific, Industrial, and OEM Applications Compact spectrometers are widely used in scientific research, industrial process

Equipment

The equipment used by CSI Nordic is state of the art and we have an almost complete spectrum for chemical analysis, mechanic testing and microstructure

The Ever-Shrinking Spectrometer: New Technologies and Applications

Spectrometers, especially those operating in the near-infrared and visible, are today so small and such low cost that they can be embedded in consumer goods or sold directly to the public. This paper

English , LabMo Laboratorieutstyr

LabMo Laboratorieutstyr AS is a family-owned business based in Bergen, Norway. We have more than 50 years of experience providing laboratory and scientific

Compact Spectrometers: Technologies, Market Trends and Needs

Jacek Kulakowski and Benoît d'Humières A breakthrough moment for spectral analysis is coming: while miniature and micro spectrometers achieve steady growth and are well established on the market,

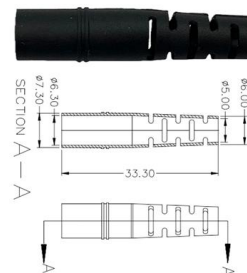

Portable spectrometer

Portable spectrometers , Choosing the Right Spectrometer There are two main categories of spectrometry: radiation spectrometry and mass spectrometry. Radiation spectrometry (UV-Vis, IR, X

Matriks

Matriks er blant de største leverandørene til laboratoriemarkedet i Norge. Vi tilbyr løsninger, instrumenter og tjenester til energirettede,

Lab-Tech

Our goal is to be an important partner and supplier of medical diagnostic tests and supplies to hospital laboratories, research laboratories as well as to smaller clinics and family practices in Norway,

Spectrometers companies from Norway => chemeurope

Holger Teknologi AS evolved from Løvland AS, a company established in 1968 as a specialist in the design and production of instruments for non-destructive testing (NDT). Since that time we have

Norway

© 1971 - 2022 Specac Ltd. Registered Office: Science and Innovation Centre, Unit 12, Halo Business Park, Cray Ave, Orpington BR5 3FQ. Registered in England No. 01008689. Teknolab - mail@teknolab.

CompactLine , Anglia Instruments , Spectrometers & Fibre Optics

CompactLine Spectrometers Miniature spectroscopy redefined - that's what we consider the CompactLine series spectrometers to be. The ever expanding family of ultra small AvaSpec

AURA® handheld NIR , Versatile & portable spectrometer

AURA® handheld NIR is a portable spectrometer system, which enables measurements to be taken directly on site, suitable for a variety of

mobile spectrometers Companies and Suppliers serving Norway

List of mobile spectrometers companies, manufacturers and suppliers serving Norway
