Pft3960 optical module

Overview

The Dahua DH-PFT3960 optical module offers high-speed data transmission, making it an ideal choice for connecting network equipment to optical fiber. Usage media converters with the ability to exchange SFP modules is particularly preferred because of its versatility, for. Product inspected, repaired and tested by qualified technicians to ensure perfect operation, similar to that of a new product. Buy your Dahua PFT3960 from an Authorized Dahua Reseller! Offering free shipping on the leading brands of Network Surveillance Cameras and Accessories!.

Dahua DH-PFT3960 Transceiver (TX) 1.25 Gbps optical module

This module is a reliable and efficient solution for data transmission over optical channels. The Dahua DH-PFT3960 optical module offers high-speed data transmission, making it an ideal

PFT3960

Single mode fibre optic module, LC Interface, 1.25Gbps Data Transfer, 1310nm TX/1550nm RX, 20km Transmission Distance

Dahua PFT3960 Gigabit SFP Singlemode Fiber Module Transceiver

The PFT3960 from Dahua is a gigabit SFP

singlemode fiber module transceiver. Features Gigabit SFP (Small Form Pluggable) Singlemode Fiber Module Transceiver PFT3960: 1310nm/1550nm Must use

Dahua

Description Product Details Data Sheet Further Details Download Monomodal optical fibre module 1.25G TX 1310nm / 1550nm - 20 km. - DAHUA Fibre Optic Module - Dahua Mono-modal - 1.25Gbps speed
