# **Price of cable laying on suspended cable trays**

## Overview

---

TL;DR: Installation labor accounts for 40-60% of total wireways and cable trays price, with surface-mounted systems costing \$8-15 per linear foot in labor versus \$12-25 per linear foot for suspended installations due to increased complexity and safety requirements. Manhours below include hauling from storage, layouting and installation of conduit at a height of 3 meters. The cable support lengths and fittings can basically be designed as cable trays, cable ladders or mesh cable trays, in which cables are routed. Cable ladder systems and cable tray systems shall be manufactured in accordance with BS EN 61537, channel support.
