Principle of German Modular Cable Tray

Overview

Modular cable tray systems are pre-engineered cable management solutions designed for easy installation, expansion, and modification. They are available in perforated (RG) or non-perforated (R) versions, in heavy-duty versions (RS/RGS), for use under sprinkler. This E30 - E90 circuit integrity maintenance installation system made of stainless steel of corrosion protection classes C II according to EN 1993-1-4 meets the needs of industries with increased hygiene requirements such as the beverage, food, pharmaceutical or cosmetics industries.
