## Progress of Domestic AI Servers

---

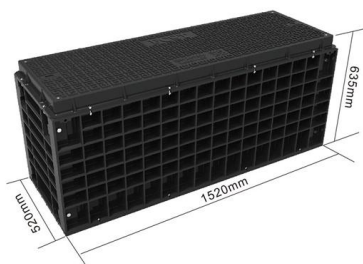

### India lauds Chinese AI lab DeepSeek, plans to host its

India's IT minister on Thursday praised DeepSeek's progress and said the country will host the Chinese AI lab's large language models on domestic

### Fujitsu Starts Domestic Production of "Sovereign AI Servers"

Fujitsu to begin "Made in Japan" sovereign AI server production at its Kasashima Plant, strengthening locally controlled AI infrastructure.

### Geopolitical Tensions and US Export Restrictions

However, geopolitical tensions and US export restrictions impacting the Chinese market have led TrendForce to slightly revise its forecast, projecting a

### Server manufacturers ramp-up edge AI efforts

There has been a spate of developments in the server space, as manufacturers focus on

supporting inference workloads at the edge.

## How to Build the Future of AI in the United States , IFP

This is the second piece in Compute in America: Building the Next Generation of AI Infrastructure at Home, examining the computing infrastructure buildout needed to support next

## DIGITIMES Special Report:Global AI server market

DIGITIMES believes that the global high-end AI server market will evolve towards greater diversification. Global shipments of high-end AI servers are expected to

## AI Server Market Size And Share , Industry Report, 2033

As these technologies progress from pilot phases to real-world deployment, the infrastructure to support real-time data processing and AI model training is

## TrendForce: AI Server Market Will Keep Growing

According to the latest research from TrendForce, the value of the entire server industry is estimated to total US\$306 billion in 2024. Within this total,

## 25+ AI Data Center Statistics & Trends (2025 Updated)

Explore the latest AI data center statistics and trends, and discover how rapid growth in AI technology is shaping the future of data infrastructure.

## AI Server Market Size & Share, Statistics Report 2025

AI Server Market Size A comprehensive report by Global Market Insights Inc. projects the global AI server market was valued at USD 128 billion in 2024. The

## AI Server Market Size & Share, Statistics Report 2025

The AI server market was valued at USD 128 billion in 2024 and is expected to grow at a CAGR of 28.2% between 2025 and 2034, driven by the explosive enterprise

### Huawei's AI servers show tech advancing despite US curbs

TOKYO -- Huawei Technologies is steadily building up its own artificial intelligence infrastructure with homegrown chips and servers, underscoring China's progress

### AI Servers Market Growth Analysis

AI servers can be powered by GPUs or TPUs, providing the necessary computing power for AI tasks. The use of AI servers in IT platforms has led to faster decision-making, improved customer services,

### AI Servers Market Size, Share & Trend 2035

The report analyzes different market portions; counting AI information servers, AI preparing servers, and AI deduction servers, alongside their applications over BFSI, IT & telecom,

More products

## AI Server Market Size to Reach USD 352.28 Billion by

The increased demand for AI applications, improvements in the

### Apple Starts Shipping Made-in-America AI Servers Early

Apple has begun shipping American-made artificial intelligence servers from a newly built factory in Houston, beating its 2026 target. The servers

### AI Server Market Size, Share, Growth Report, 2034

The AI Server Market Trends indicate a clear shift toward specialized server architectures optimized for specific AI workloads. Enterprises increasingly deploy AI servers designed for parallel

### AI Server , TrendForce

The AI server market is set for unprecedented growth in 2023-2024, driven by substantial investments from CSP and industry players, with shipments projected

## How Nations are Forging Their Own Digital Futures with

What is sovereign AI? Sovereign AI represents a nation's or organization's strategic pursuit of independence in artificial intelligence. It

## AI drives server market growth to \$270b by 2028 , TechInsights

TechInsights predicts the server market will reach \$273b by 2028, growing at a CAGR of 18%. Unlike recent years where server demand has been cyclical in nature and effected by the ebb

## Apple Starts Shipping AI Servers From Houston Factory

Apple has begun building and shipping American-made artificial intelligence servers from its new Houston facility, marking a major milestone in the company's ongoing effort to move more of

## Artificial Intelligence Infrastructure Spending to Surpass

The AI infrastructure market has sustained double-digit since 2019, driven primarily by investment in servers for AI deployments. In 1H24, servers

### AI becomes leading server workload as shipments of

Shipments of AI servers are projected to rise sharply from about 500,000 in 2019 to approximately 4.5 million by 2029, making AI the leading data

### Apple COO touts accelerated timeline for Houston-built

Apple's COO Sabih Khan confirmed that the company is shipping U.S.-made AI servers from its new Houston plant ahead of schedule.

### Domestic Chips Break into China Server Ecosystem with 820000

6. Conclusion: Breakthroughs and challenges of domestic chips The rapid growth of China's accelerated server market is not only the result of technological progress and market
