Pt terminal distribution box

Overview

PTFIX Distribution Blocks are modular terminal solutions designed for electrical potential distribution in control panels and cabinets. The FIX family consists of the PTFIX, PTFIX-function, and PTVFIX product families. The various blocks come ready to connect and are available in various numbers of positions and mounting. Mouser offers inventory, pricing, & datasheets for PT Series Terminal Blocks. We offer bespoke, custom-made terminal boxes and terminal box combinations, as well as standard products with short delivery times.

Pt terminal distribution box

PTFIX Distribution Blocks

Save time and space in control cabinets with Phoenix Contact's PTFIX power distribution blocks. Fit to be connected right out of the box, PTFIX

Terminal & Distribution Boxes , Enclosures , BPX

Discover Terminal & Distribution Boxes at BPX. High-quality Enclosures with fast UK delivery and expert UK support for your industrial projects.

PT Series (5-Pin Connector)

The PT series 5-pin M12 connector sensor distribution boxes allow easy power supply and signal transfer to sensors without individual wiring. The PT series can

Distribution blocks and device terminal blocks

The distribution blocks were developed for potential distribution. They are also suitable for more complex tasks due to the availability of single blocks and function versions. The device terminal blocks, on the

PT Distribution Boards / Junction Boxes

We manufacture and supply PTDB/JUNCTOPN BOXES which is made up of breaker, Isolator, Terminal blocks for CT & PT connections, Voltage and Current monitoring etc.

What Is a PTFIX Distribution Block and How It Works

PTFIX Distribution Blocks are modular terminal solutions designed for electrical potential distribution in control panels and cabinets. They come pre-assembled in multiple colors and sizes (4, 6, 12, or 18

Phoenix Contact

Phoenix Contact PTFIX distribution blocks with push-in connection come ready to connect with different numbers of positions and mounting options. They can be used straight away and expanded as needed.
