# **Suriname Low-Voltage Complete Equipment Distribution Box**

## Overview

---

ZBW□ type prefabricated substation is a complete set of distribution equipment that combines high-voltage switchgear, distribution transformers, low-voltage switchgear, electric energy metering devices, power factor compensation devices, etc. For this government office building project in Suriname, E-abel provided a customized low voltage distribution board solution designed around floor-level circuit management, dedicated load separation, CHINT MCB/MCCB protection, and CE-marked panel construction. Our extensive portfolio encompasses a wide range of products from service entrance equipment to panel.
