RUGGED ROUTERS FOR AIRBORNE SYSTEMS

OnTime Networks Managed Aircraft Gigabit Ethernet Switch and Rugged Routers enable modularity and provide growth while delivering optimal performance for Size, Weight, Power, and Cost (SWaP-C)

36 (b) (1) Arms Sales Notification

The Department of Defense is publishing the unclassified text of a section 36 (b) (1) arms sales notification. This is published to fulfill the requirements of section 155 of Public Law 104-164

Hardened, Rugged Military Ethernet Network Router

Hardened, Rugged, Military Rated Network Routers are the devices that direct data traffic between computer networks, forwarding data packets from one router to

Top Avionics Upgrades: Choices For

All Budgets

Top Avionics Upgrades: Choices For All Budgets
Of course the dense market doesn't make an already difficult buying decision any easier. So to help sort it out, in this article we'll offer an

Honeywell Aerospace Router , Honeywell Aerospace

A drop-in replacement for your current router, the Honeywell Aerospace Router costs 70 percent less than previous-generation routers and can be installed in your aircraft in less than an hour.

9800 AR Airborne Satellite Router

Ideal for roll-on/roll-off applications, the 9800 AR is a rack-mountable airborne unit specifically for defense and government aircraft for operations in an ultra-high-speed COTM environment. With a

SATCOM DIRECT ROUTER (SDR SA

Beyond connectivity, the SDR acts as a conduit for aircraft performance data and grants access to the industry's most sought-after value-added services including SD Pro®.

Satcom Direct SDR , SEAEROSPACE

Detailed avionics part information page for Satcom Direct SDR Cabin Router with price, availability, stock, inventory, features, specifications, and description.

More durable and robust

The outer layer is made of environmentally friendly PVC, which is soft and elastic. It can be stretched without damage, so you can use it with confidence.

EDMO , Avionics, Test Equipment, Install Supplies

EDMO: the most trusted name in aviation for aircraft electronics, install supplies, wire and cable, tooling, test equipment, tactical communication, pilot
