# **What are some micro-module brands**

## Overview

---

As global energy needs surge and climate deadlines loom, our investigation reveals how five pioneering companies—X-Energy, NuScale, Rolls-Royce SMR, Holtec, and GE Hitachi—are racing to deploy next-generation reactors that promise both economic resilience and environmental. Which companies are leading the field for modular data centres?

Discover the top 10 companies driving the future of modular data centres with innovative, scalable and sustainable infrastructure solutions As computing demands surge, modular data centres are redefining how infrastructure is built. Small modular reactors (SMRs) are nuclear fission reactors that are smaller than conventional reactors.
