What are the types of galvanized cable tray hangers

Overview

These are few guidelines to the selection of the appropriate finish: Indoor Offices (Dry): Electro-galvanized (EG). There are several main types of galvanized cable trays used in various applications for supporting and organizing electrical cables. Galvanized Cable trays made by JLH Electric can be divided into pre-galvanized cable trays, GI cable trays and HDG cable trays, according to surface treatment. A cable support system consists of cable support lengths and system components, such as cable support fittings, support elements, mounting elements and system accessories.
