Where to buy Dominic ONU beam splitters

Where to buy Dominic ONU beam splitters

Plate and Laser Beamsplitters , Edmund Optics

Plate Beamsplitters designed for imaging, industrial, or life science applications are available at Edmund Optics. Explore our selection today.

Polarizing Beamsplitters

Edmund Optics offers a wide variety of Polarizing Beamsplitters in a range of configurations including plate, cube, or lateral displacement. Plate Beamsplitters

Ordering information

NO.	1	2	3	4
Model	P1000	P1002	P1004	P1006
Product name	Patch Panel	Patch Panel	Patch Panel	Patch Panel
Illustration				
NO.	1	2	3	4
Maximum number of cores	16	102	288	384
Product size (including mounting and adapters)	482.0*208.7*63.3mm	482.0*208.7*68.1mm	482.0*208.7*112.3mm	482.0*208.7*117.0mm
Standard color code	94L0005	94L0005	94L0005	94L0005

Optical Beamsplitters , Beamsplitter Selection , Edmund

Edmund Optics offers plate, cube, pellicle, polka dot, or specialty prism Beamsplitters in a variety of anti-reflection coatings or substrates. Standard Beamsplitters,

Beamsplitters , Optics , DigiKey

Shop DigiKey's large in-stock selection of Beamsplitters. View inventory, pricing and order now for same day shipping!

Cube Beamsplitters

Cube Beamsplitters are a type of Beamsplitter used in many life science or laser applications. Cube Beamsplitters are used to split incident light into two separate

Beamsplitters Made by Edmund Optics for OEM

Wide Variety of Beamsplitter Types Including Polarizing, Non-Polarizing, and Laser Line Customized Solutions for Prototype to Volume Production Design and

Polarizing Beamsplitters

Polarizing Beamsplitters are typically designed for 0° or 45° angle of incidence with a 90° separation of the beams, depending on the configuration. Edmund Optics

Beam splitter, Beamsplitter

Find your beam splitter easily amongst the 62 products from the leading brands (Avantes, Zygo, DAHENG OPTICS,) on DirectIndustry, the industry specialist

UV Beam Splitters

Knight Optical supply high-quality custom UV beam splitters, including UV grade plate and cube beamsplitters.

Beam Splitters , Polarizing , Dichroic , LightMachinery

LightMachinery's range of beam splitters includes polarizing and dichroic. We make custom beam splitters to fit your unique specifications. Learn more!

Optical Beamsplitter

Cube Beamsplitters Plate Beamsplitters Dichroic Beamsplitters Laser Beam Attenuators ©2025 Newport Corporation. All rights reserved.

Optical Beamsplitters: Cube and Plate

Offering custom optical beamsplitters from cube or plate format with a variety of UV-VIS-IR coatings to meet your specific requirements.

Beam Splitters

When working with lasers, it is often necessary to split a laser beam into two or more defined partial beams. There are a variety of beam splitters for these applications, with different advantages and

Optical Beamsplitters , Polarising & Non-Polarising

We offer custom plate and cube optical beamsplitters, either polarising or non-polarising beam splitters, designed to split light into two beams.

Beam Splitter Manufacturers

A Beam Splitter is an optical device that splits a beam of light into two or more beams. The leading manufacturers of Beam Splitters are listed below. Narrow down on the list of companies based on

Beam Splitters

A Beam Splitter is an optical device that splits a beam of light into two or more beams. Beam Splitters from the leading manufacturers are listed below. Use the filters to narrow down on products based on

HOLO/OR Diffractive Beamsplitters

HOLO/OR Diffractive Beamsplitters are diffractive optical elements (DOE) that split an input laser beam into several beams, known as diffraction orders. These

Beam Splitters - Infrared Optics Supply

Beam Splitters are used to split incident light into two separate beams at a specified ratio.

Optical Beamsplitter

Beamsplitters Made by Edmund Optics for OEM

Capabilities Our beamsplitters are manufactured from a wide variety of SCHOTT, Ohara, and CDGM materials. Whether you require several beamsplitters for

Optical Beamsplitters , Beamsplitter Selection , Edmund

Non-Polarizing Beamsplitters, ideal for laser beam manipulation, split light by overall intensity. Polarizing Beamsplitters, often used in photonics instrumentation, split

Beamsplitters Made by Edmund Optics for OEM

Our beamsplitters are manufactured from a wide variety of SCHOTT, Ohara, and CDGM materials. Whether you require several beamsplitters for prototyping, a

Cube Beamsplitters

Edmund Optics' Cube Beamsplitters are available for optimal performance in the Visible or Infrared (IR) Spectrum, with anti-reflection coating options designed for

All You Need to Know About Beam Splitters

Beam splitter coatings are applied to optical surfaces to enhance light reflection, transmission, and polarization. These coatings minimize light loss

Buy Plate Beamsplitters , Best wholesale prices from suppliers

The beam splitter adds to the growing catalog of devices being created for future photonic computing. A beam splitter that consists of a glass plate with a reflective dielectric coating on one side gives a

Laser Beamsplitters

Laser beamsplitters are ideal for separating a single laser beam into two separate beams. Learn more about our laser beamsplitters technologies at Edmund Optics.

Beam Splitters - Buying Guide & Supplier List , RP

This beam splitters buying guide provides technical background, comparison of major types, selection criteria, and an overview of suppliers.
