Yemen B4 Optical Cable

Overview

Multiple reports say several subsea fiber-optic cables in the Red Sea and southern Red Sea near Yemen were severed or damaged, disrupting internet traffic across parts of the Middle East, South Asia and East Africa, and fueling finger-pointing at Yemen's Iran-aligned Houthi rebels. An assembly comparable to an electrical cable but incorporating one or more optical fibres that are used to convey light is referred to as a fiber-optic cable, also known as an optical-fiber cable. For long-distance and high-performance data networking, fibre optics are utilised. TendersOnTime, the best online tenders portal, provides latest Yemen Optical Fibre tenders, RFP, Bids and eprocurement notices from various states and counties in Yemen. Market Forecast By Platform (Civil, Military, Space), By Application (Avionics, Navigation, Weapon Systems, Communication Systems), By Type (Single-mode, Multi-mode) And Competitive Landscape How does 6Wresearch market report help businesses in making strategic decisions?
